CERTIFIED TEAM LEADER 1 (CTL1)

Practical, no-nonsense training to become the leader everyone trusts.

This course is designed for leaders, managers, and aspiring leaders who are responsible for guiding teams toward strong performance, accountability, and healthy collaboration – without relying on formal authority alone.

Benefits of the Certified Team Leader 1 Credential:

- Build a rock-solid foundation for leading teams in real-world situations.
- Enhance team performance and drive measurable results.
- Gain more confidence when leading people.
- Demonstrate your expertise in modern team leadership.
- Increase career opportunities for better-paying and higher-impact leadership and management roles.

In this CTL1 course, you will learn …

- how to lead teams with confidence, no matter the context.
- how to earn genuine trust, respect, and acceptance as a leader – quickly and sustainably.
- how to uphold standards and reach team goals reliably.
- the "Five Blind Spots of Team Leaders" – and how to avoid them before they cost you time, talent, or trust.
- how to multiply your impact through effective delegation and disciplined follow-through.

Format & Logistics:

- Prerequisites: none – just your readiness to lead
- Two days of 8 contact hours each (participants must be present to be certified)
- Successful participants receive the "Certified Team Leader 1" certification.
- Delivered in English or German
- Held at a location of your choice
- A maximum of 12 students per course to keep the training interactive

The course is led by Gereon Hermkes, an experienced Agile Business Coach and Leadership Trainer (CTL-T) based in Berlin, Germany. His superpowers are building high-performance teams and scaling Agile in large projects.

Gereon is the co-author of the official Scrum@Scale book *"Scaling Done Right"* and was personally selected and trained by Dr. Jeff Sutherland, creator of Scrum and Scrum@Scale.
